Dear Golberi

I send you original version of the Memorandum. If you will have to keep the original, then I would ask you that your rector just sign also the second copy (without our rector sign) and you send this copy back to me to the address below. Then I can give to the rector offices this version with your sign, which is really only important since our rector can then sign anytime, now that we finished with all procedures.

Please also send me the scanned version of the completed document by e-mail.

Yours sincerely
